LYNCHED!

A Negro Boy Taken From a Jail at Kaufman, Texas, and Hung by a Mob of Men.

KAUFMAN, Tex., July 26.—An infuriated mob of men took Crawford Benson, a negro boy eighteen years old, from the county jail at 11 o'clock Sunday night and hanged him near the jail. To make sure of their work they shot him. He attempted to commit a rape on a little white girl nine years old, the daughter of one of the best families in the county, the father of the girl being sick with the typhoid fever and not expected to live at the time the crime was committed.

Postmaster Appointed.

WASHINGTON, July 26.—The president appointed Oscar H. Dean postmaster at Pentwater, Mich.; vice, F. F. Lewis, resigned.

Will Terminate the Cable War.

NEW YORK, July 26.—Dr. Marvin Green says negotiations are being carried on, which, if successful, will terminate the present cable rate war in about six weeks.

Dismissed the Case.

WASHINGTON, July 26.—The interstate commission has dismissed the case involving the free transportation of extra baggage on the ground that it has no jurisdiction.

Commercial Travelers.

WASHINGTON, July 26-—The interstate commerce commission delivered its opinion this afternoon in the case recently brought before it. By the decision commercial travelers cannot, under the inter-state act, constitute a privileged class and the privileges they have must be enjoyed by other travelers.

Took a Fatal Look.

PORT HURON, July 26.—This morning at 4 o'clock, when the steamer City of Alpena was landing here, Jacob Way, a passenger, put his head out of a stateroom window to take a look at the town and a fender struck him and took off one of his eyelids broke his nose and fractured his skull. He will go into the hospital here for repairs.

The Eastern Flood.

GREAT BARRINGTON, Mass., July 26.—The devastation has been more widespread than has been reported. Nearly all the crops in the valley were distroyed and it will take years to restore the land to its former fertility. Only one life was lost.

THE MARKETS.

NEW YORK, July 26.—The stock market opened dull and irregular, the first prices ranging from 3½ per cent higher. At 11 o'clock the market was heavy, at slight fractions under first prices.

Noon.—Money easy at 4@5 per cent.
Lake Shore, 93¾.
Wabash, 17⅞; do preferred, 31½.

The Weather.

WASHINGTON, July 26.—Indiana, higher temperature in southern portion, lower in northern portion, fair weather.

A Wisconsin Story.

RACINE, July 26.—A letter has been received here from Burlington, in this county, sayin g that Dr. Murphy, an intimate friend of McGarigle, and one of the last men who interviewed him at the jail, had been in that village Sunday. Many there think McGarigle went through Burlington Sunday on the Wisconsin Central.

The Toledo Convention.

CINCINNATI, O., July 26.—There can no longer be much doubt as to the outcome of the Toledo convention. Mr. Sherman will be endorsed for the presidential nomination in 1888, and Foraker's name a third time placed at the head of the republican state ticket.

An Assignment.

NEW YORK, July 26.—Garden and Dudley, dealers in hats, of Greene street and Houston street, made an assignment to-day, to Henry B. Hathaway, preferring the Ninth National bank for $10,000.

DR. E. B. STANDIFORD.

The Death of One of the Most Prominent and Wealthy Men in Kentucky.

LOUISVILLE, July 26.—Dr. E. B. Standiford died this morning at 4 o'clock at his home, 1022 Fourth avenue. He had been in poor health for about three months and was seriously ill for a week before his marriage to Miss Laura Scott, at Paducah, a little over two weeks ago. He would not have a physician, however, not thinking his condition serious enough, and it was not until last Friday that Drs. Yandell and Roberts were called upon to attend him. He evidently had not the slightest idea of his approaching dissolution, however, and neither did his family, nearly all of whom were with him.

About 10 o'clock he grew much worse. Dr. Standiford was an active candidate for United States senate, to succeed Mr. Beck. He had been president of the Louisville and Nashville railroad; president of the Jeffersonville, Madison and Indianapolis bridge company; director of the Farmers and Drovers bank; a farmer on an extensive scale and one of the wealthiest men in the state. He leaves a family of seven childen, namely Mrs. James Caldwells, Mrs. Murry Kelley, Mrs. George L. Danforth, Frank, Virginia, Nettie and E. D. Standiford, jr. He was fifty-six years old.

OUR DETECTIVES.

They Walk Right Over a Stolen Horse and Miss a Reward of $25.

July 4, a stranger drove to the livery stable of John C. Pearse, on South Calhoun street, and asked him to care for his horse, a fine, bay animal.

He offered to sell the horse for $200, but Mr. Pearse paid no attention to him. The fellow left and was not seen thereafter. Mr. Pearse informed some of the officers of the mysterious business and among others related the story to Dr. G. P. Barnum, the livery man. The owner of the horse had issued a card to all officers, offering a reward of $25 for the recovery of his steed, and traveled all over Northern Indiana in the search. He arrived here yesterday and the Huntington *Herald* tells the story:

Messrs. Purviance and Harter have recovered the horse and buggy stolen from them by Sylvester E. Smith, the night of the 3d of July. The animal was driven to Fort Wayne the same night he was taken out of the stable. The next day Smith endeavored to sell the outfit for $200, failing in which he left the animal at Pearse's stable and went to Lima, Ohio, accompanied by a loose woman. Nothing further is known of his whereabouts. The outfit had been in the stable named from July 4th until Saturday, right under the nose of the Fort Wayne officers, who were fully advised of the theft, and but for Doc. Barnum, a livery man in Fort Wayne, might have remained there until the horse died. The expense incident to the recovery of the horse and vehicle amounted to fully $75.

A Good Nurse

Should not hesitate to wait upon those ill with such diseases as Small-pox, Cholera or Scarlet Fever. There is little to be feared by persons waiting on the sick if they will use Darbys Prophylactic Fluid freely. In sick rooms in should be exposed on a plate or saucer, and the patient sponged off with the Fluid diluted. For safety, cleanliness and comfort in the sick room the Fluid is indispensable.

Received this day 60 pairs ladies fine kid hand sewed Oxford ties. They are $1.25 goods, but as the season is getting a little late we have marked them 90 cts. This is a decided bargain.

FIXING 'EM UP.

The Pump Salesmen Making the Life of the Average Trustee and Councilman Exceedingly Happy-Condemning Good Machinery.

The papers of the city have just barely noted the recent junketing tours of some of the water works trustees and a few councilmen to Chicago, Toledo and other places that have just now escaped memory Of course it didn't cost the city or its elective representatives a cent to make these little excursions in the interest of science, because the gentlemen who are anxious to supply the city with a new water pump added these little incidental expenses to their original proposal to put the city on a new steam pumping basis for from $27,000 to $37,000.

The representatives of the various water pump manufactories of America are in the city just now in view of the fact that the proposition to purchase a water works pump comes before the council to-night, and right here we pause to bid our visitors a hearty welcome.

The pump salesmen are corteous fellows and in a very brief period can ensconce themselves into the good graces of an alderman or a trustee. They drop into the lemonade cafes, wink at the person on whose innocence they have disigns and proceed to pour into his official ear the information that their pump is the "only" label blown article in the market, incidentally remarking that the lake project is the sheerest nonsense and water power entirely out of the question—because it precludes the possibility of the purchase of a $27,000 or a $37,000 pump from them.

The tax payers and admirers of the sturdy aldermen and trustees are respectfully invited to the council chamber tonight. The pump salesman will be there. Its their business, of course, but the idea of inviting citizens up is to hear Mayor Muhler and others pay their respects to the pump business if any attempt is made to foist one of them on a sufficiently burdened city in the face of the public declaration by experts that the condemned machinery now at the pumping house can be repaired for sufficient service as good as new for a few hundred dollars. "How do we know this?" askes a taxpayer. Simply this. If the city purchased a new pumping engine, as was proposed, it would, of course, sell the condemned auxilliary engine at the pumping house. In view of this fact private parties invited experts from abroad to examine the old pump with a view of purchasing it from the city. Mr. H. C. Berghoff and other members of the Berghoff brewing company brought an expert from Chicag . He pronounced the old and condemned pump as good as new, with slight repairs. This decision was noised about and it was discovered that other experts had given similar opinions. These are now public property, hence we give them.

There is a general demand that the council invite a disinterested committee of mechanics to examine the condemned machinery at the pumping works before it is thrown away to give place to other expensive machinery that like it will get out of repair in time.

TUESDAY, JULY 26, 1887.

SPEAKER CARLISLE predicts President Cleveland's triumphant renomination and election.

EX-SENATOR MCDONALD expresses himself as highly pleased with the Ohio democratic ticket and platform.

THE Business Men's exchange will inquire into the water works question and lake project. They will remove the discussion from the pale of political and personal prejudice.

THE time has arrived to quit furnishing a water supply for this faction and that prejudice. The people and the tax payers ought to have a chance once in a quarter of a century and that is not asking too much, is it?

THE democrats of Indiana are solid for Mr. Cleveland and if Editor Scott Ray and his school of fire-eating adherents do not think so, they are blamable only for not con consulting the voters to get at the truth of the situation.

PRESIDENT CLEVELAND is very popular with the democratic masses and his administration is satisfactory to the business community. If any one objects to joining this successful pageant, there will be but better reason to admire Mr. Cleveland for the enemies he has made.

THE *Gazette* pronounces the present water supply satisfactory and the lake project visionary. Our morning cotemporary has the happy faculty of reconciling itself to anything, of brushing aside all propositions with one fell swoop of the pen and of riding over little matters like facts and truths with rare familiarity and conclusive eclat.

GENERAL T. E. POWELL, the democratic candidate for governor of Ohio, who was at Chicago the other day, stated to a representative of the *Times* that he confidently expects to be elected. The Ohio democracy, he says, is in better shape than in many years, the strife between the "kids" and the "mossbacks" having ceased, while the indorsement of Sherman at Toledo this week, which he believes is certain, will render the Blaine and Foraker republicans listless and impassive. This being the situation, General Powell is convinced that his chances of election are extremely good.

CHANDOS FULTON, one of the directors of the Lotos Club, New York, ordered and paid for his own coffin several years ago and keeps it in his room, not as a memento mori, but as a closet for choice liquors and cigars. Mr. Fulton was once so very ill that the doctors declared that he must die, and his coffin was made and sent to the house. When he recovered the undertaker appealed to him to pay the bill. Mr. Fulton declared that if he must pay the bill he would keep the coffin, have hinges put to the lid, and use it as a wardrobe for his dress-suit.

IT has been discovered by Dr. Beclard that when the eye is directed for a time upon a colored field, the other eye being closed, if the eye which was open is in turn closed and the other opened a specter of the complementary color will be perceived; thus, if the right eye has observed a red disk, the left being shut, a reversal of this state of things would result in the perception of a green disk by the freshly opened left eye. In virtue of the same property of the eye, when two tints are placed beside each other, the nearest edge of the one will appear as though deprived of all the colored rays which it may have in common with the other. An analogous effect is produced with grays, non-colored, that is to say, formed simply of white and black.

IN 1873 J. Hamp Swift was Sheriff of Callaway County, Ky., and collected the State and county taxes. When he came to settle up he was $3,000 short. He always thought his deputy had robbed him. He was obliged to sell his farm to save his securities. Since then he has been supporting his family as best he could by day work, etc. About a month ago his wife became insane and was sent to the asylum at Hopkinsville. In her delirium she frequently referred to money hid in the smokehouse on the farm. She finally said there was money buried in a crack in a corner of the smokehouse. The husband visited his old home and found $3,200 in the ground as described by his wife. The money, which was in greenbacks, was in an excellent state of preservation. The theory of the doctors is that Mrs. Swift was insane at the time she stole the money and hid it.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's own true laxative. This pleasant California liquid fruit remedy may be had of Theime and Gross, druggists, large bottles at fifty cents or one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidneys, and bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion, and kindred ills.

A game of ball between the "fats and slims" this week.

Geo. Zurbuch will commence buying grain this week.

A. R. Schnitker was on the sick list last Saturday. He says "Antwerp water" was the cause.

Peter Stutz is on the sick list. He run an ice pick in his hand.

Billy Hager had a rush Sunday night.

The game of ball played last Thursday between the railroad men and the dudes, resulted 18 to 7 in favor of the dudes, the importation of professionals for the railroad men notwithstanding. Roy, a dude, struck at imaginaries in order to have three strikes and lay in the shade, but the railroad men couldn't get there any way. Pond made a good one behind the bat. He picked them up after they would fall from the backstop. If the railroad men hadn't worn mother hubbard pants, they probably would have made more tallies, for the heavy "breeze" would catch the mother hubbards and they couldn't slide in worth a cent. Joe Lee had to roll in. Sam Strocks threw the ball to Henry Brudi on first, but Henry couldn't get it because his arms were not long enough to reach in to the left field. Maurice Callaghan, the pitcher of the railroad men, was trying to knock Geo. Zurbuch out by using him for a target, but George was not to be knocked out. It was lucky the railroad men had the track greased with Shields and Brocky or they would not have slid in a tally. Geo. Zurbuch says the dudes can do the lightning jerkers and car daubers up again.

Ely's Cream Balm was recommended to me by my druggist as a preventive to hay fever. Having been using it as directed since the 9th of August and have found it a specific for the much dreaded and loathsome disease. For ten years or more I have been a great sufferer each year, from August 9th till frost and have tried many alleged remedies for its cure, but Ely's Cream Balm is the only preventive I have ever found. Hay fever sufferers ought to know of its efficacy.—F. B. Ainsworth, Publisher, Indianapolis, Ind.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York City.*

Mrs. Cleveland's First Sweetheart.

Apropos of Mrs. Cleveland's love affairs, there is a pretty little story not generally known, that her first love was a newspaper man. She is said to have been deeply interested in him, but the engagement, existing a long time, was finally broken off and never renewed. It is said that even now Mrs. Cleveland has a weakness for the profession, and, in fact, it is generally accepted that she takes a great deal of interest in newspaper men and their work. She regards with special favor the lady correspondents attached to the bureaus of the various papers in Washington, and in more than one instance she has made a point of conversing with them. Upon one occasion she went so far as to gently chide one of the young ladies for not speaking to her on the street. At one time she did some literary work herself. Perhaps it is this keen interest which Mrs. Cleveland naturally feels in so honored and honorable a profession, and a knowledge that she once loved one of them, that ante-dates all other grievances in the President's breast against them, and added a double force to the bitterness with which he spoke of their "ghoulish glee" at that memorable Harvard dinner.—*Baltimore American.*

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

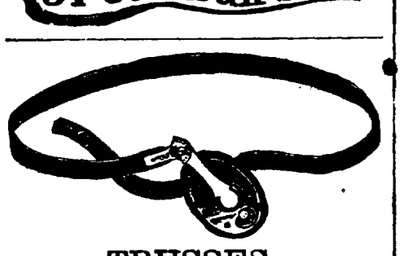

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

TUESDAY, JULY 26. 1887.

IN THE BUSY WORLD.

Personal Points and Pithy Paragraphs Picked up Around the Shops and Railroads of the City.

The Muncie is coming to the front now with excursions.

Some of the railroad men are taking their summer vacation.

Adam Hoffman a moulder in the Bass works is on the sick list.

James Sullivan has taken the position of caller on the Pittsburg.

Wm. Weil a machinist of the Pittsburg shops is on the sick list.

The railroads are bringing large shipments of watermelons and fruits from the south.

A son of Barney Arens cut his finger quite severely in Olds' Wagon works yesterday.

The Pittsburg carts drinking water in their shops by the barrel full during the hot weather.

The employes of the railroads and shops are evidently going to have another seige of hot weather.

Adolph Wefel of the Pittsburg shops is rejoicing over the arrival of a new girl baby at his house.

Charles Welch has given up his position on the Wabash and taken a position in the organ factory.

R. B. Green, the well known foreman in the Fort Wayne organ factory, is rusticating around the lakes at Kendallville.

When the Bass works get the new addition to their shops completed they will want a large number of new employes.

Thos. Butler, foreman of the Pittsburg round house, has returned from the east and resumed his duties this morning.

John Brunnigan, who was formerly connected with the Fort Wayne organ factory, has taken the position of brakeman on the Pittsburg.

The brakemen on the day freight trains complain that their positions are hard ones to fill during this hot weather, as the sun's rays fall on them with a fearful force.

O. L. Perry's face is frequently seen at the South depot when the early morning trains are coming in. He makes the trip to the depot on his bicycle for a morning exercise.

Harmon Regal, one of the Bass machinists, took advantage of invoice day by going on a frog hunt this morning. The last seen of him he was making for the river with three hooks tied to the end of a pole and a half yard of red flannel dangling in the air.

A little child of Frederick Kroesch, a boiler make in the Bass works, was sunstruck yesterday, while playing around the yard at its home on John street, in the afternoon, and was carried into the house unconscious. A doctor was called and the little one soon recovered.

THE SENTINEL reporter frequently meets Anselom Fuelber, the genial city editor of the Daily *Staats-Zeitung*, in his rounds among the railroads. His mission, like ours, is in search of news, and at times we both chase a railroad item like a school boy often pursues a butterfly—in vain.

Engineer John Hogan, on the Philadelphia and Reading railroad engine No. 434, has driven his engine at the astonishing speed of a mile in thirty-eight seconds. Other engineers with Reading engines have made miles in forty-three and forty-four seconds. Hogan's speed is at the rate of over ninety-four miles per hour; that of the others is respectively eighty-three and a half and almost eighty-two miles per hour. These high rates of speed were made under circumstances all of which were favorable to a successful test. These are the extreme limits of high speed for short distances, but locomotive builders are emulous to increase the speed of their machines so that an average speed of eight miles per hour shall replace the old time limit of sixty.

That Rarest of Combinations.

True delicacy of flavor with true efficacy of action, has been attained in the famous California liquid fruit remedy, Syrup of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. Large bottles for sale by Thieme and Gross.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Another Excursion to Hartford City, Sunday, July 31, 1887.

Owing to their inability to accommodate the crowd on the 24th, the F. W., C. & L. R. R. will run another special train from Fort Wayne to Hartford City and return on Sunday, July 31, 1887, for the purpose of giving the people an opportunity of seeing the largest gas well in Indiana. This well has a capacity of 20,000,000 feet of gas per day and makes a noise like the roaring of Niagara. The citizens of Hartford City will display the burning well in all its beauty and grandeur. Train will leave Fort Wayne, (north depot,) at 3 o'clock p. m., arriving at Hartford City at 5 p. m. Returning leave Hartford City at 9 p. m.

Fare for the round trip only 75 cents.

MONROEVILLE.

The News and Items of Interest From that Place.

MONROEVILLE, July 25, 1887.

Bore for gas.

Let us have gravel roads.

Monroeville needs a fire engine.

Mrs. James Hays, of Fort Wayne, Sundayed with relatives here.

Business was dull in town last Saturday. All attended the Sunday school picnic at Flat Rock.

The council has ordered the Sunday law to be strictly obeyed. What will the back door customers do? Put in a supply on Saturday night.

It is said that J. B. Munger, of Rantoul, Ill., will accept the professorship of the Monroeville public schools. His brother, W. A. Munger, who held that position last term, will travel for a book publishing house.

The farmers report a good oats crop. In some localities a kind of worm is cutting the grain, and the farmers are storing it away as soon as convenience affords, as the insects do their work even when left in the shock.

A reception was tendered Auditor Neizer last Thursday evening at his beautiful residence on South street, the occasion being the anniversary of his birth. Over 100 invited guests were present to participate in the memorable occasion.

The pupils of school district No. 1, in Madison township, have made arrangements to give their evening entertainment Saturday, Aug. 6. They have an excellent program, but we were unable to secure a copy for this publication.

The Sunday school pic-nic at the grove near Flat Rock, last Saturday was a grand affair. It was the largest gathering of the kind held near here for some time. Splendid music was furnished by the Walnut Grove band, the Monroville band and a drum corps from Zion.

It is strange now days that our young boys cannot attend our evening service, a party, or go to see his best girl without first filling his pockets with bad whisky and making things hideous for those who may happen to be in their company. Many of our young girls, we dare say, when not in public frequently tip the flowing bowl.

Last Saturday evening a pleasant social was held at the farm residence of Mr Emmet Whitney, two miles northwest of town. The party was royally entertained by the host and hostess. An abundance of ice cream, lemonade and cake were served to the delight of the young folks present. George was a hustler with a big spoon, while Ely took the cake.

Monroeville needs a daily paper. It would be a paying enterprise, especially if daily communications could be secured from the Ridge Road crossing, Paulding, Smilev, Antwerp, Dixon, &c. Then we would know if Mother Goose lost a hen, that Paul Jones' horse ran to pasture and lost a shoe, and the such. The reading public likes to know these things. Who will make a move? It will pay better than gas.

Since our last communication to THE SENTINEL we have traveled through the coal regions of northern Michigan, combining pleasure with business. The greater part of the time, however, was given to fishing and hunting. On our way home with our gang of blood hounds we came across the path of the famous "T. P." who happened to be doing some business up north, and it was with difficulty that the boys could recall the pack of hounds. The dogs must have him "treed" as they are now barking around the *Breeze* office.

Mr. W. A. Munger closed his normal school last Monday for want of attendence. The school opened July 11, with six pupils and on the next Monday there were but five; hence the discontinuance. This normal was intended expressly for the edification of teachersf but as the great mass of teachers are not able to teach seven months out of a year, twenty days out of a month and five days out of a week for say from $1 to $1.50 per day, and each year attend a six week's normal, many of our teachers of this locality are compelled to work as day laborers in order to sustain themselves and families. If teaching is to be made a profession let them have better compensation and they then can attend to their avocation, and the effects upon our school would be wonderful. A professional teacher who stands as a leader in education can influence his school as no other man can. A comunity instructed as to the value of school in general will take a special and specific interest in its own school, and this interest will act as a stimulant upon scholars and teachers. Another result, a consummation most devoutly wished, is the increased respect for the teaching profession. The very inadequate salaries paid to teachers is a very good evidence of the estimation in which they are held.

PRINCE OF LIGHT.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

IF you are in a passion shut your mouth, for words increase it.

Scott's Emulsion of Pure

Cod Liver Oil, with Hypophosphites,

Pierce's Pleasant Purgative Pellets The Original LITTLE LIVER PILLS.

BEWARE OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a **laxative, alterative,** or **purgative,** these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of **Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza,** and **Catarrhal Headache.** Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobaccos, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 5½c. Standard A Sugar, 6½c. Granulated Sugar, 7c. Powdered Sugar, 7c. Cut Loaf Sugar, 7c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c, Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 26c per pound; Housekeepers' Choice, 28c per pound; Dannemiller's, 26c. per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; peeled peaches, 20c; dried cherries, 18; unpeeled peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; best layer raisins, 12½c; Zantee currants, 8c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Machine Oils, Fish Oil, Lard Oil and Neatsfoot Oil, and Headlight Oil and Castor Oil.

Fish oil, per gallon, 70c; Neatsfoot oil, 80c per gallon; Lard oil, 70c per gallon; Machine oil, dark, 20c per gallon; Golden, 30c per gallon; Castor oil, $1.75 per gallon; Headlight oil, 12c per gallon.

Tobaccos and Cigars, Plug Tobacco, Smoking Tobacco and Fine Cut.

Bull Dog plug tobacco, 40c; Durham plug, 50c; Perfection plug, 35c; Hiawatha plug, 30c; Knights of Labor plug, 30c; Sweet Heart plug, 50c per pound. Fine cut, 25c, 50c; best, 75c per pound. Smoking, 18c, 20c, 25c; best Durham, 45c per pound. Choice cigars, $1.50 per box; good cigars, 60c and $1 per box.

Daily Sentinel

TUESAY. JULY 26, 1887.

THE CITY NEWS.

Mr. Fred Graham, of this city, was at Indianapolis yesterday.

Councilman Woulfe has abandoned the comtemplated erection of a livery stable on the south side.

C. C. Dasler has taken out a permit to erect an addition to his house on lot 307 Hanna's addition, to cost $500.

Supt. John Wilkinson completed his annual threshing bee at noon to-day. The yield of wheat for the county is above the average.

The funeral of Mr. A. S. Winbaugh will occur to-morrow, Wednesday, at 1:30, from the house, and at 2:30 from the English Lutheran church.

Anna Brandt, the nine-months-old daughter of Herman Brandt, of No. 187 Tabor street, died yesterday and will be buried to-morrow afternoon at 2 o'clock.

Edward Roberts, aged eighty-one years, died yesterday ot the house of his son, Christ Roberts, of 28 Wallace street. The time of the funeral has not yet been announced.

Mr. W. McK. Pardee, the division engineer on the Nickel Plate caught the biggest bass ever pulled from the waters of Lake Maxinkuckee, and a great celebration followed.

Contractor Geake has five weeks more to complete his sidewalk on the west side of Calhoun street. Bids for the sidewalk on the east side are to be opened to night.

The Indianapolis *Sentinel* says: "In a conversation with Col. Zollinger, we remarked—after the quarterly payments of pensions, yourself and clerks, we presume, enjoy a holiday season. 'Not at all,' responded the Colonel, 'Under this democratic administration the new cases are so numerous, that the force is kept constantly employed night and day."

An interesting party of young folks assembled Thursday night at the home of Miss Ettie and Miss Minnie Bowser, of Nine Mile. The time was passed in a very delightful manner, the refreshments were elegant, and the evening was a thoroughly enjoyable one, Miss Minnie has accompained her sister to her home in Kansas, where she will remain for a few months.

Yard Conductor Jacob Heth, of Andrews, in charge of the Wabash switch engine at the Wabash and Chicago and Atlantic transfer track in Huntington, was caught between the dead wood of two Lake Erie and Western cars, Saturday night, and his right arm severely hurt. Fortunately no bones were broken, although the flesh was terribly lacerated and bruised.

The state supreme court has just affirmed the decision of the lower court of Randolph county, which sentenced one McKee to two years in the penitentiary for conspiracy in the Bohemian oats business. Mr. Josephus Mason, of this county, is under almost a similar indictment at Rensalaer, Ind., and the action of the supreme court makes his case look a little doubtful.

The threshing machine men are all doing a bigger and better business than for some years past in getting out the wheat. This results in part from the larger yield of wheat than is common for the season. Few farmers report less than seventeen bushels to the acre and numbers reach from twenty-five to twenty-eight bushels to the acre, and a few even more than this. The price charged by the threshers is from three to four cents per bushel, and from 1,000 to 1,500 is often threshed when only one stand of the thresher and engine is made.

Under instructions from the court, Receivers Humphrey and Tutt, of the Wabash, St. Louis and Pacific, have issued a circular giving notice to all persons having claims against the road which have been allowed by the court, that they must be presented before the 9th of August, or they will forever be barred; they also give notice that any claim or claims which are held against the receivers, or against the Wabash, St. Louis and Pacific company should be presented before that date for adjudication or allowance, otherwise, in compliance with the same order from the court, they will be barred.

In the courts at Richmond, Ind., James S. Gardner et al, sue the Grand Rapids railroad company for $3,000 damages. The plaintiffs say that prior to June 11, 1887, they were the owners of a saw mill building of the value of $600, in which was then located machinery to the value of $2,100, and also a large stock of manufactured lumber and lath, value, $500; that the saw mill stood about 200 feet north of the depot in Fountain City, and on said day a strong wind was blowing and a freight train was run at the rate of sixty miles an hour by the mill, and sparks from the locomotive ignited the mill and the latter was totally destroyed.

The Huntington *Herald* has this local gossip of interest: "Misses Anna and Daisy Shupman, of Fort Wayne, are in the city visiting in the family of Peter Zahn, corner Oak and Tipton streets.—Miss Adele Rosebroughs returned from Fort Wayne Saturday night, where she had gone to take a position as compositor in the *Gazette* office. The low wages paid lady compositors did not justify her remaining in that office.—Miss Anna Lightcap, who has been visiting in the family of George Whitacre, on East Market street, for the past five months, leaves this evening for her home in Hagerstown, Md. Mrs. Whitacre will accompany her as far as Fort Wayne, and will visit a few days in that city."

Mr. E. C. Rurode yesterday received the following telegram, giving assurance of the recovery of George Ewing III, about whom much concern was felt:

"PAUL SMITH'S, July 24.

"E. C. Rurode:

"George is much better. Wound doing nicely. Doctor says he is out of danger.

"[Signed.] M. C. EWING."

HIGHLY IMPORTANT.

The Tax Levy Fixed by the Council and the Report of Increased Assessments Approved.

The common council of the city of Fort Wayne met in the council chambers Monday evening, July 25, A. D., 1887, pursuant to a recess, his honor Mayor Muhler in the chair, and present the following members, viz:

Ayes, viz.: Councilmen Buttenbender, Doehrman, Griffith, Haiber, Kelker, Kensill, Lahmeyer, Michael, Monahan, Meyer, Read, Shordan and Woulfe.

Absent—Councilmen Hazzard, Scheid, Wessell, Webber and Williams.

RESOLUTION.

Resolved, by the common council, That the tax levy for the year ending August 1, 1888, be as follows:

For general purposes, sixty (60) cents on each one hundred dollars valuation; for interest on public debt, twenty-eight (28) cents on each one hundred dollars valuation, of which eleven (11) cents on each one hundred dollars valuation shall be for interest on the water works bonds; for sinking fund five (5) cents on each one hundred dollars valuation, the sum of five (5) cents on each one hundred dollars valuation, which said sum shall be set apart and used only for the purpose of building a city hall, when the common council shall determine to erect one. Also, two (2) cents on each one hundred dollars valuation for the purpose of improving public parks, and that there shall be levied on and collected a poll tax of two dollars for each male inhabitant of the city of Fort Wayne of twenty-one years of age and not insane or a pauper, and that a tax of two dollars be levied on each male dog and five dollars on each female dog, to be collected of the person owning or harboring said dog and that said taxes so levied be paid in equal semi-annual installments, the first half to be paid on or before the third Monday of April and the second half on or before the first Monday in November, 1888, said taxes to be paid, principal as well as interest, and otherwise collected as provided in an act of the general assembly entitled, An act authorizing cities in this state to permit municipal taxes to be paid in two installments; approved February 27, 1883. The above levy of sixty (60) cents for general purposes includes an eleven cents for street lights and nine (9) cents for fire department on each one hundred dollar valuation.

HERMAN MICHAEL.

Which resolution was adopted by the following vote:

Ayes, 13, viz: Councilmen Buttenbender, Doehrman, Griffith, Haiber, Kelker, Kensil, Lahmeyer, Michael, Monahan, Meyer, Read, Shordan and Woulfe. Nays none.

On motion the common council then adjourned.

THE LAKE PROJECT.

Hon. Wm. Fleming Explains it to the Business Men's Exchange.

Hon. J. B. White presided at the meeting of the Business Men's exchange last night and there was a very large attendance. Hon. Wm. Fleming was present by invitation to present his lake project to the members of the exchange.

Mr. Fleming said the city owned some thirty-five acres of land on the north side. Out of this a twenty-five acre lake could be formed for the simple cost of making its embankments at $1.50 per lineal foot. He explained that Civil Engineer Goshorn had taken soundings and levels. He could guarantee five foot of water in every portion of the lake and connecting it with the feeder canal would give an uninterrupted boat and waterway to the upper St. Joe river. He explained how congress had appropriated $15,000 to connect Fish lake, which covers 740 acres in Steuben county, with the head waters of the St. Joe, and demonstrated that direct from that source a water supply could be brought down into the city lake without the outlay of a dollar.

He then said that this lake and canal would give a $2,500 turbine water wheel 400 horse power. These wheels could do the city pumping and furnish the electric light power for one third their present cost—and he said the canal company was going to make such a proposition to the city.

He told how the city could furnish and sell to the ice dealers of the city their stock of ice annually, and figuring the output at 25,000 tons, and 20 cents a ton, the city would realize annually $7,500 from this source. He related how the lake would cheapen the cost of water to the people and furnish them as well as people from abroad a pleasure resort—this being another source of revenue.

Mr. Fleming said he was satisfied and would guarantee that the lake project was not only feasible and advantageous but also profitable for the city. He said, however, that people questioned his motives because he owned the canal and there was, too, the old prejudice against that source of water supply. In the face of these facts he did not deem it worth his while to publicly press the project and only appeared before the exchange at the urgent request of its committee.

After a thorough and elaborate discussion of the subject by the members, on motion of Mr. A. S. Lauferty, the exchange appointed a committee of five, consisting of Hon. J. B. White, John C. Peters, G. W. Seavy, Fred Beach and Frank Alderman to inquire into the lake project, the water supply and to interview the city officers who hold the key to the whole situation. The committee will report at the next meeting.

Mr. A. G. Albert, of Seymour, Ind., is in the City to-day. Mr. Albert is an enthusiastic bicyclist and is entour through Indiana and Michigan. He expects to reach Ann Arbor Thursday evening, thence push his way north toward Petoskey and the northern coast. Mr. Albert rides a 50 inch Columbia expert.

IT IS NOT TRUE.

Our assessment has not been raised by the Board of Equalization. There was no need of it; our valuation is always correct.

—:o:—

IT IS TRUE

However, that we are preparing ourselves for removal to our new quarters, south of the Aveline house block, on Calhoun street, and to open with a large new stock we have scaled down the prices on our entire stock to such a low figure that the appraiser could not value it any lower. Buyers of clothing, hats, caps and furnishing goods, make a note of it. We are knifing the prices; letting down the values to force the sales.

LYNCHED!

A Negro Boy Taken From a Jail at Kaufman, Texas, and Hung by a Mob of Men.

KAUFMAN, Tex., July 26.—An infuriated mob of men took Crawford Benson, a negro boy eighteen years old, from the county jail at 11 o'clock Sunday night and hanged him near the jail. To make sure of their work they shot him. He attempted to commit a rape on a little white girl nine years old, the daughter of one of the best families in the county, the father of the girl being sick with the typhoid fever and not expected to live at the time the crime was committed.

Postmaster Appointed.

WASHINGTON, July 26.—The president appointed Oscar H. Dean postmaster at Pentwater, Mich.; vice, F. F. Lewis, resigned.

Will Terminate the Cable War.

NEW YORK, July 26.—Dr. Marvin Green says negotiations are being carried on, which, if successful, will terminate the present cable rate war in about six weeks.

Dismissed the Case.

WASHINGTON, July 26.—The interstate commission has dismissed the case involving the free transportation of extra baggage on the ground that it has no jurisdiction.

Commercial Travelers.

WASHINGTON, July 26.—The interstate commerce commission delivered its opinion this afternoon in the case recently brought before it. By the decision commercial travelers cannot, under the inter-state act, constitute a privileged class and the privileges they have must be enjoyed by other travelers.

Took a Fatal Look.

PORT HURON, July 26.—This morning at 4 o'clock, when the steamer City of Alpena was landing here, Jacob Way, a passenger, put his head out of a stateroom window to take a look at the town and a fender struck him and took off one of his eyelids broke his nose and fractured his skull. He will go into the hospital here for repairs.

The Eastern Flood.

GREAT BARRINGTON, Mass., July 26.—The devastation has been more widespread than has been reported. Nearly all the crops in the valley were destroyed and it will take years to restore the land to its former fertility. Only one life was lost.

THE MARKETS.

NEW YORK, July 26.—The stock market opened dull and irregular, the first prices ranging from ¼ per cent higher. At 11 o'clock the market was heavy, at slight fractions under first prices.

Cattle—Receipts, 8,000; steadier, but rather quiet.

The Bloody Narrais.

UTICA, N. Y., July 26.—Giles Smith, of Deerfield, lost three cows last Wednesday by bloody narrais. He had them buried near a running stream, which infected the water. Three cows belonging to Wm. Badlong, jr., a neighbor, died of the disease. Badlong and John Rayman, while looking for the cause, were stung by mosquitos, and are now seriously ill, having been inoculated with narrais virus. There is considerable excitement and indignation about the matter. The stream runs through several large farms of imported cattle.

Two Drunken Men Killed.

PORTLAND, July 26.—James Sherwood fell from a load of hay here last evening while intoxicated, and the wheels of the wagon passed over him crushing his skull and tearing his right ear off.

ST. JOSEPH, July 26. Henry Richmond, aged 38, fell off a street car last night while going to Benton Harbor, and was run over. He died soon afterward. He was intoxicated.

The Weather.

WASHINGTON, July 26.—Indiana, higher temperature in southern portion, lower in northern portion, fair weather.

A Wisconsin Story.

RACINE, July 26.—A letter has been received here from Burlington, in this county, saying that Pr. Murphy, an intimate friend of McGarigle, and one of the last men who interviewed him at the jail, had been in that village Sunday. Many there think McGarigle went through Burlington Sunday on the Wisconsin Central.

The Toledo Convention.

CINCINNATI, O., July 26.—There can no longer be much doubt as to the outcome of the Toledo convention. Mr. Sherman will be endorsed for the presidential nomination in 1888, and Forraker's name a third time placed at the head of the republican state ticket.

NEW YORK, July 26.—Garden and Dudley, dealers in hats, of Greene street and Houston street, made an assignment to-day, to Henry B. Hathaway, preferring the Ninth National bank for $10,000.

DR. E. B. STANDIFORD.

The Death of One of the Most Prominent and Wealthy Men in Kentucky.

LOUISVILLE, July 26.—Dr. E. B. Standiford died this morning at 4 o'clock at his home, 1022 Fourth avenue. He had been in poor health for about three months and was seriously ill for a week before his marriage to Miss Laura Scott, at Paducah, a little over two weeks ago. He would not have a physician, however, not thinking his condition serious enough, and it was not until last Friday that Drs. Tandell and Roberts were called upon to attend him. He evidently had not the slightest idea of his approaching dissolution, however, and neither did his family, nearly all of whom were with him.

About 10 o'clock he grew much worse. Dr. Standiford was an active candidate for United States senate, to succeed Mr. Beck. He had been president of the Louisville and Nashville railroad; president of the Jeffersonville, Madison and Indianapolis bridge company; director of the Farmers and Drovers bank; a farmer on an extensive scale and one of the wealthiest men in the state. He leaves a family of seven children, namely Mrs. James Caldwell, Mrs. Murry Kelley, Mrs. George L. Danforth, Frank, Virginia, Nettie and E. B Standiford, jr. He was fifty-six years old.

OUR DETECTIVES.

They Walk Right Over a Stolen Horse and Miss a Reward of $25.

July 4, a stranger drove to the livery stable of John C. Pearse, on South Calhoun street, and asked him to care for his horse, a fine, bay animal.

He offered to sell the horse for $20, but Mr. Pearse paid no attention to him. The fellow left and was not seen thereafter. Mr. Pearse informed some of the officers of the mysterious business and among others related the story to Dr. G. P. Barnum, the livery man. The owner of the horse had issued a card to all officers, offering a reward of $25 for the recovery of his steed, and traveled all over Northern Indiana in the search. He arrived here yesterday and the Huntington *Herald* tells the story:

Messrs. Purviance and Harter have recovered the horse and buggy stolen from them by Sylvester E. Smith, the night of the 3d of July. The animal was driven to Fort Wayne the same night he was taken out of the stable. The next day Smith endeavored to sell the outfit for $200, failing in which he left the animal at Pearse's stable and went to Lima, Ohio, accompanied by a loose woman. Nothing further is known of his whereabouts. The outfit had been in the stable named from July 4th until Saturday, right under the nose of the Fort Wayne officers, who were fully advised of the theft, and bat for Doc. Barnum, livery man in Fort Wayne, might have remained there until the horse died. The expense incident to the recovery of the horse and vehicle amounted to fully $75.

Should not hesitate to wait upon those ill with such diseases as Small-pox, Cholera or Scarlet Fever. There is little to be feared by persons waiting on the sick if they will use Darbys Prophylactic Fluid freely. In sick rooms it should be exposed on a plate or saucer, and the patient sponged off with the Fluid diluted. For safety, cleanliness and comfort in the sick room the Fluid is indispensable.

Next Tuesday Mr. Mike Connors, of the Seventh ward engine house, will celebrate the twenty-fifth anniversary of his initiation into the fire department. Mr. Connors has assisted and been a part of the department since its growth from infancy. He has grown with it and today he is as genial, true and trusty to the city and his chief as it is possible for man to be. Mr. Connors has hosts of friends and THE SENTINEL suggests a celebration of the notable event next Tuesday.

BROUGHT TO BAY.

An Eloping Couple Arrested at Cleveland by the Police—The Man A Prominent Railroad Engineer.

CLEVELAND, O., July 26.—James Gorham and Mrs. James Dewey, of Springfield, Mass., were arrested by the police here to-day at the instance of Mrs. Gorham, who charges that the couple eloped from Springfield last Wednesday. Gorham was an engineer on the Boston & Albany railroad, and Mrs. Dewey is the wife of a Springfield carpenter. The runaways were followed by Mrs. Gorham and her attorney to Albany, Niagara Falls and to Cleveland. They reached here Saturday, and were assigned a room at the American house. Learning that they intended to go from here to Michigan this afternoon they were taken into custody. Both refuse to talk.

FIXING 'EM UP.

The Pump Salesmen Making the Life of the Average Trustee and Councilman Exceedingly Happy—Condemning Good Machinery.

The papers of the city have just barely noted the recent junketing tours of some of the water works trustees and a few councilmen to Chicago, Toledo and other places that have just now escaped measles. Of course it didn't cost the city or its electric representatives a cent to make these little excursions in the interest of science, because the great men who are anxious to supply the city with a new water pump added these little incidental expenses to their original proposal to put the city on a new steam pumping basis for from $27,000 to $37,000.

The representatives of the various water pump manufactories of America are in the city just now in view of the fact that the proposition to purchase a water works pump comes before the council to-night, and right here we pause to bid our visitors a hearty welcome.

The pump salesmen are courteous fellows and in a very brief period can ingratiate themselves into the good graces of an alderman or a trustee. They drop into the lemonade cafes, wink at the person on whose innocence they have designs and proceed to pour into his official ear the information that their pump is the "only" label blown article in the market, incidentally remarking that the lake project is the sheerest nonsense and water power entirely out of the question—because it precludes the possibility of the purchase of a $27,000 or a $37,000 pump from them.

The tax payers and admirers of the sturdy aldermen and trustees are respectfully invited to the council chamber to-night. The pump salesmen will be there. In their business, of course, but the idea of inviting citizens up is to hear Mayor Mahler and others pay their respects to the pump business if any attempt is made to foist one of them on a sufficiently burdened city in the face of the public declaration by experts that the condemned machinery now at the pumping house can be repaired for sufficient service as good as new for a few hundred dollars. "How do we know this?" asks a taxpayer. Simply this. If the city purchased a new pumping engine, as was proposed, it would, of course, sell the condemned auxiliary engine at the pumping house. In view of this fact private parties invited experts from abroad to examine the old pump with a view of purchasing it from the city. Mr. H. C. Bernhoff and other members of the Bernhoff brewing company brought an expert from Chicago. He pronounced the old and condemned pump as good as new, with slight repairs. This decision was noised about and it was discovered that other experts had given similar opinions. These are now public property, hence we give them.

There is a general demand that the council invite a disinterested committee of mechanics to examine the condemned machinery at the pumping works before it is thrown away to give place to other expensive machinery that like it will get out of repair in time.

TUESDAY, JULY 26, 1887.

SPEAKER CARLISLE predicts President Cleveland's triumphant renomination and election.

EX-SENATOR MCDONALD expresses himself as highly pleased with the Ohio democratic ticket and platform.

THE Business Men's exchange will inquire into the water works question and lake project. They will remove the discussion from the pale of political and personal prejudice.

THE time has arrived to quit furnishing a water supply for this faction and that prejudice. The people and the tax payers ought to have a chance once in a quarter of a century and that is not asking too much, is it?

THE democrats of Indiana are solid for Mr. Cleveland and if Editor Scott Ray and his school of fire-eating adherents do not think so, they are blamable only for not consulting the voters to get at the truth of the situation.

PRESIDENT CLEVELAND is very popular with the democratic masses and his administration is satisfactory to the business community. If any one objects to joining this successful pageant, there will be but better reason to admire Mr. Cleveland for the enemies he has made.

THE *Gazette* pronounces the present water supply satisfactory and the lake project visionary. Our morning contemporary has the happy faculty of reconciling itself to anything, of brushing aside all propositions with one fell swoop of the pen and of riding over little matters like facts and truths with rare familiarity and conclusive eclat.

GENERAL T. E. POWELL, the democratic candidate for governor of Ohio, who was at Chicago the other day, stated to a representative of the *Times* that he confidently expects to be elected. The Ohio democracy, he says, is in better shape than in many years, the strife between the "kids" and the "mossbacks" having ceased, while the indorsement of Sherman at Toledo this week, which he believes is certain, will render the Blaine and Foraker republicans listless and impassive. This being the situation, General Powell is convinced that his chances of election are extremely good.

CHAUNCEY FULTON, one of the directors of the Lotos Club, New York, ordered and paid for his own coffin several years ago and keeps it in his room, not as a memento mori, but as a closet for choice liquors and cigars. Mr. Fulton was once so very ill that the doctors declared that he must die, and his coffin was made and sent to the house. When he recovered the undertaker appealed to him to pay the bill. Mr. Fulton declared that if he must pay the bill he would keep the coffin, have hinges put to the lid, and use it as a wardrobe for his dress suit.

IT has been discovered by Dr. Beclard that when the eye is directed for a time upon a colored field, the other eye being closed, if the eye which was open is in turn closed and the other opened a specter of the complementary color will be perceived; thus, if the right eye has observed a red disk, the left being shut, a reversal of this state of things would result in the perception of a green disk by the freshly opened left eye. In virtue of the same property of the eye, when two tints are placed beside each other, the nearest edge of the one will appear as though deprived of all the colored rays which it may have in common with the other. An analogous effect is produced with grays, non-colored, that is to say, formed simply of white and black.

IN 1873 J. Hamp Swift was Sheriff of Callaway County, Ky., and collected the State and county taxes. When he came to settle up he was $3,000 short. He always thought his deputy had robbed him. He was obliged to sell his farm to save his securities. Since then he has been supporting his family as best he could by day work, etc. About a month ago his wife became insane and was sent to the asylum at Hopkinsville. In her delirium she frequently referred to money hid in the smoke-house on the farm. She finally said there was money buried in a crack in a corner of the smoke-house. The husband visited his old home and found $3,200 in the ground as described by his wife. The money, which was in greenbacks, was in an excellent state of preservation. The theory of the doctors is that Mrs. Swift was insane at the time she stole the money and hid it.

The game of ball played last Thursday between the railroad men and the dudes, resulted 18 to 7 in favor of the dudes, the importation of professionals for the railroad men notwithstanding. Roy, a dude, struck at imaginaries in order to have three strikes and lay in the shade, but the railroad men couldn't get there any way. Pond made a good one behind the bat. He picked them up after they would fall from the backstop. If the railroad men hadn't worn mother hubbard pants, they probably would have made more tallies, for the heavy "breeze" would catch the mother hubbards and they couldn't slide in worth a cent. Joe Lee had to roll in. Sam Strocks threw the ball to Henry Bradi on first, but Henry couldn't get it because his arms were not long enough to reach in to the left field. Maurice Callaghan, the pitcher of the railroad men, was trying to knock Geo. Zurbuch out by using him for a target, but George was not to be knocked out. It was lucky the railroad men had the track greased with Shields and Brooky or they would not have slid in a tally. Geo. Zurbuch says the dudes can do the lightning jerkers and car dashers up again.

Ely's Cream Balm was recommended to me by my druggist as a preventive to hay fever. Having been using it as directed since the 9th of August and have found it a specific for the much dreaded and loathsome disease. For ten years or more I have been a great sufferer each year, from August 9th till frost and have tried many alleged remedies for its cure, but Ely's Cream Balm is the only preventive I have ever found. Hay fever sufferers ought to know of its efficacy.—F. B. Ainsworth, Publisher, Indianapolis, Ind.

Mrs. Cleveland's First Sweetheart.

Apropos of Mrs. Cleveland's love affairs, there is a pretty little story not generally known, that her first love was a newspaper man. She is said to have been deeply interested in him, but the engagement, existing a long time, was finally broken off and never renewed. It is said that even now Mrs. Cleveland has a weakness for the profession, and, in fact, it is generally accepted that she takes a great deal of interest in newspaper men and their work. She regards with special favor the lady correspondents attached to the bureaus of the various papers in Washington, and in more than one instance she has made a point of conversing with them. Upon one occasion she went so far as to gently chide one of the young ladies for not speaking to her on the street. At one time she did some literary work herself. Perhaps it is this keen interest which Mrs. Cleveland naturally feels in so honored and honorable a profession, and a knowledge that she once loved one of them, that ante-dates all other grievances in the President's breast against them, and added a double force to the bitterness with which he spoke of their "ghoulish glee" at that memorable Harvard dinner.—*Baltimore American.*

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,--easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. Janney, Minneapolis, Minn.

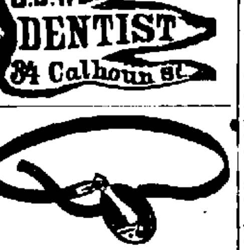

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. Jas. M. Rollins, Pastor M. E. Church, Fairfield, Va.

Daily Sentinel.

TUESDAY, JULY 26 1887.

IN THE BUSY WORLD.

Personal Points and Pithy Paragraphs Picked up Around the Shops and Railroads of the City.

The Muncie is coming to the front now with excursions.

Some of the railroad men are taking their summer vacation.

Adam Hoffman a moulder in the Bass works is on the sick list.

James Sullivan has taken the position of caller on the Pittsburg.

Wm. Weil a machinist of the Pittsburg shops is on the sick list.

The railroads are bringing large shipments of watermelons and fruits from the south.

A son of Barney Arens cut his finger quite severely in Olds' Wagon works yesterday.

The Pittsburg carts drinking water to their shops by the barrel full during the hot weather.

The employes of the railroads and shops are evidently going to have another seige of hot weather.

Adolph Wefel of the Pittsburg shops is rejoicing over the arrival of a new girl baby at his house.

Charles Welch has given up his position on the Wabash and taken a position in the organ factory.

R. B. Green, the well known foreman in the Fort Wayne organ factory, is rusticating around the lakes at Kendallville.

When the Bass works get the new addition to their shops completed they will want a large number of new employes.

Thos. Butler, foreman of the Pittsburg round house, has returned from the east and resumed his duties this morning.

John Brannigan, who was formerly connected with the Fort Wayne organ factory, has taken the position of brakeman on the Pittsburg.

The brakemen on the day freight trains complain that their positions are hard ones to fill during this hot weather, as the sun's rays fall on them with a fearful force.

O. L. Perry's face is frequently seen at the South depot when the early morning trains are coming in. He makes the trip to the depot on his bicycle for a morning exercise.

Harmon Regal, one of the Bass machinists, took advantage of invoice day by going on a frog hunt this morning. The last seen of him he was making for the river with three hooks tied to the end of a pole and a half yard of red flannel dangling in the air.

A little child of Frederick Kroesch, a boiler maker in the Bass works, was sunstruck yesterday, while playing around the yard at its home on John street, in the afternoon, and was carried into the house unconscious. A doctor was called and the little one soon recovered.

The Sentinel reporter frequently meets Anselom Faelber, the genial city editor of the Daily *Staats-Zeitung*, in his rounds among the railroads. His mission, like ours, is in search of news, and at times we both chase a railroad item like a school boy often pursues a butterfly—in vain.

Engineer John Hogan, on the Philadelphia and Reading railroad engine No. 434, has driven his engine at the astonishing speed of a mile in thirty-eight seconds. Other engineers with Reading engines have made miles in forty-three and forty-four seconds. Hogan's speed is at the rate of over ninety-four miles per hour; that of the others is respectively eighty-three and a half and almost eighty-two miles per hour. These high rates of speed were made under circumstances all of which were favorable to a successful test. These are the extreme limits of high speed for short distances, but locomotive builders are emulous to increase the speed of their machines so that an average speed of eight miles per hour shall replace the old time limit of sixty.

That Harvest of Combinations.

True delicacy of flavor with true efficacy of action, has been attained in the famous California liquid fruit remedy, Syrup of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. Large bottles for sale by Thieme and Gross.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Another Excursion to Hartford City, Sunday, July 31, 1887.

Owing to their inability to accommodate the crowd on the 24th, the F. W., C. & L. R. R. will run another special train from Fort Wayne to Hartford City and return on Sunday, July 31, 1887, for the purpose of giving the people an opportunity of seeing the largest gas well in Indiana. This well has a capacity of 20,000,000 feet of gas per day and makes a noise like the roaring of Niagara. The citizens of Hartford City will display the burning well in all its beauty and grandeur. Train will leave Fort Wayne, (north depot,) at 3 o'clock p. m., arriving at Hartford City at 6 p. m. Returning leave Hartford City at 9 p. m.

Fare for the round trip only 75 cents. 25-6t

MONROEVILLE.

The News and Items of Interest From that Place.

MONROEVILLE, July 25, 1887.

Bore for gas.

Let us have gravel roads.

Monroeville needs a fire engine.

Mrs. James Hays, of Fort Wayne, Sundayed with relatives here.

Business was dull in town last Saturday. All attended the Sunday school picnic at Flat Rock.

The council has ordered the Sunday law to be strictly obeyed. What will the back door customers do? Put in a supply on Saturday night.

It is said that J. B. Munger, of Rantoul, Ill., will accept the professorship of the Monroeville public schools. His brother, W. A. Munger, who held that position last term, will travel for a book publishing house.

The farmers report a good oats crop. In some localities a kind of worm is cutting the grain, and the farmers are storing it away as soon as convenience affords, as the insects do their work even when left in the shock.

A reception was tendered Auditor Neizer last Thursday evening at his beautiful residence on South street, the occasion being the anniversary of his birth. Over 100 invited guests were present to participate in the memorable occasion.

The pupils of school district No. 1, in Madison township, have made arrangements to give their evening entertainment Saturday, Aug. 6. They have an excellent program, but we were unable to secure a copy for this publication.

The Sunday school pic-nic at the grove near Flat Rock, last Saturday was a grand affair. It was the largest gathering of the kind held near here for some time. Splendid music was furnished by the Walnut Grove band, the Monroeville band and a drum corps from Zion.

It is strange now days that our young boys cannot attend our evening service, a party, or go to see his best girl without first filling his pockets with bad whisky and making things hideous for those who may happen to be in their company. Many of our young girls, we dare say, when not in public frequently tip the flowing bowl.

Last Saturday evening a pleasant social was held at the farm residence of Mr Emmet Whitney, two miles northwest of town. The party was royally entertained by the host and hostess. An abundance of ice cream, lemonade and cake were served to the delight of the young folks present. George was a hustler with a big spoon, while Ely took the cake.

Monroeville needs a daily paper. It would be a paying enterprise, especially if daily communications could be secured from the Ridge Road crossing, Paulding, Smiley, Antwerp, Dixon, &c. Then we would know if Mother Goose lost a hen, that Paul Jones' horse ran to pasture and lost a shoe, and the such. The reading public likes to know these things. Who will make a move? It will pay better than gas.

Since our last communication to The Sentinel we have traveled through the coal regions of northern Michigan, combining pleasure with business. The greater part of the time, however, was given to fishing and hunting. On our way home with our gang of blood hounds we came across the path of the famous "T. P." who happened to be doing some business up north, and it was with difficulty that the boys could recall the pack of hounds. The dogs must have him "treed" as they are now barking around the *Breeze* office.

Mr. W. A. Munger closed his normal school last Monday for want of attendance. The school opened July 11, with six pupils and on the next Monday there were but five; hence the discontinuance. This normal was intended expressly for the edification of teachers! but as the great mass of teachers are not able to teach seven months out of a year, twenty days out of a month and five days out of a week for say from $1 to $1.50 per day, and each year attend a six week's normal, many of our teachers of this locality are compelled to work as day laborers in order to sustain themselves and families. If teaching is to be made a profession let them have better compensation and they then can attend to their avocation, and the effects upon our school would be wonderful. A professional teacher who stands as a leader in education can influence his school as no other man can. A community instructed as to the value of school in general will take a special and specific interest in its own school, and this interest will act as a stimulant upon scholars and teachers. Another result, a consummation most devoutly wished, is the increased respect for the teaching profession. The very inadequate salaries paid to teachers is a very good evidence of the estimation in which they are held.

PRINCE OF LIGHT.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

IF you are in a passion shut your mouth, for words increase it.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a laxative, alterative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD
is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrhal Headache. Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. Hausner, the famous mesmerist, of Ithaca, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

Thomas J. Rushing, Esq., 2902 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

Eli Robbins, Runyan P. O., Columbia Co., Pa., says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

FRUIT HOUSE PRICES FOR '87

Quite a change has taken place in a great many goods the last sixty days, the tendency being in most cases upwards. This is the case, especially in Coffee and Dried Fruits, Sugars, Teas, Syrups, Spices and Tobaccos, have not advanced, but from indications they will. It will pay our customers to purchase liberally.

Sugars—White and Yellow.

Yellow C Sugar, 5½c. Standard A Sugar, 6½c. Granulated Sugar, 7c. Powdered Sugar, 7c. Cut Loaf Sugar, 7c.

NO ADVANCE ON TEAS,

Yet they will not likely remain at such low prices in the face of the large advance on Coffee. We continue to maintain our prestige in the Tea trade. Our trade has grown immensely in that line. People have no longer to send off to purchase their Teas. In order to save money we keep up the plan of buying in large lots of the importers and re-selling direct to our customers at a small profit, thereby saving to our customers the intermediate profits of jobber and wholesale dealer—which is not less than 10 to 20c.

Good, 15c per pound; choice, 30c; best, 50c. Imperial tea—Green, good, 30c; best, 50c. Gunpowder tea, 30c; best, 50c. Oolong or Black tea, 20c, 30c; best, 50c; Japan tea, 20c, 30c; best, 50c. Above prices on teas are the lowest on record and the best teas are of the highest quality—no better anywhere—the other grades are good, sweet, drawing teas and will please the most fastidious tea drinkers. Just give them a trial and satisfy yourself.

Coffee—Rio, Java and Roasted.

Best Rio coffee, 20c, per pound; best roasted Rio, 24c per pound; German coffee, 25c per pound; Housekeepers' Choice, 25c per pound; Dannemiller's, 26c, per cent.

Foreign and Domestic Fruits, Prunes, Raisins, Currents, &c., &c.

Turkish prunes, 5c; figs, per pound, 10c; peeled peaches, 20c; dried cherries, 18; unpealed peaches, 8c; dried raspberries, 30c; dried apples, 6c; dried blackberries, 15c.

Leghorn Citron, 22c; orange and lemon peel, 15c; Valencia raisins, 8c; best layer raisins, 12½c; Zantee currants, 6c; shelled almonds, 30c; seedless raisins, 10c.

Candies—Stick, Mixed and Bon Bons.

Pure stick candy, 10c; pure mixed candy, 10c; fancy toy candy, 20c, toy candies, 20c; Brazil nuts, 10c quart; almond nuts, 15c quart; mixed nuts, 15c quart; walnuts and filberts, 12½c quart.

Syrups---Maple and Sugar Syrups and New Orleans Molasses.

Pure Maple syrup, 70c a gallon; golden drips, 40c; Sorghum, 40c; New Orleans molasses, 35c; best, 40c. The sorghum is splendid and 10c lower than we ever sold it before.

WINES AND LIQUORS FOR MEDICAL PURPOSES.

Old 76, $2.50 per gallon; two years old, $1.75; one year old, $1.40 per gallon; new whisky, $1 and $1.25 per gallon; Port and Sherry wine, $1.25 per gallon; California wine, $1.25 per gallon; wines in bottles, 40c.

Machine Oils, Fish Oil, Lard Oil and Neatsfoot Oil, and Headlight Oil and Castor Oil.

Fish oil, per gallon, 70c; Neatsfoot oil, 80c per gallon; Lard oil, 70c per gallon; Machine oil, dark, 20c per gallon; Golden, 30c per gallon; Castor oil, $1.75 per gallon; Headlight oil, 15c per gallon.

Tobaccos and Cigars, Plug Tobacco, Smoking Tobacco and Fine Cut.

Bull Dog plug tobacco, 40c; Durham plug, 50c; Perfection plug, 35c; Hiawatha plug, 30c; Knights of Labor plug, 30c; Sweet Heart plug, 50c per pound. Fine cut, 25c, 50c; best, 75c per pound. Smoking, 15c, 20c, 25c; best Durham, 45c per pound. Choice cigars, $1.50 per box; good cigars, 60c and $1 per box.

Daily Sentinel

TUESDAY JULY 26, 1887.

THE CITY NEWS.

Mr. Fred Graham, of this city, was at Indianapolis yesterday.

Councilman Woulfe has abandoned the contemplated erection of a livery stable on the south side.

C. C. Dasler has taken out a permit to erect an addition to his house on lot 307 Hanna's addition, to cost $500.

Supt. John Wilkinson completed his annual threshing bee at noon to-day. The yield of wheat for the county is above the average.

The funeral of Mr. A. H. Winbaugh will occur to-morrow, Wednesday, at 1:30, from the house, and at 2:30 from the English Lutheran church.

Anna Brandt, the nine-months-old daughter of Herman Brandt, of No. 187 Tabor street, died yesterday and will be buried to-morrow afternoon at 2 o'clock.

Edward Roberts, aged eighty-one years, died yesterday at the house of his son, Christ Roberts, of 28 Wallace street. The time of the funeral has not yet been announced.

Mr. W. McK. Pardee, the division engineer on the Nickel Plate caught the biggest bass ever pulled from the waters of Lake Maxinkuckee, and a great celebration followed.

Contractor Geake has five weeks more to complete his sidewalk on the west side of Calhoun street. Bids for the sidewalk on the east side are to be opened to night.

The Indianapolis *Sentinel* says: "In a conversation with Col. Zollinger, we remarked—after the quarterly payments of pensions, yourself and clerks, we presume, enjoy a holiday season. 'Not at all,' responded the Colonel, 'Under this democratic administration the new cases are so numerous, that the force is kept constantly employed night and day.'"

An interesting party of young folks assembled Thursday night at the home of Miss Ettie and Miss Minnie Bowser, of Nine Mile. The time was passed in a very delightful manner, the refreshments were elegant, and the evening was a thoroughly enjoyable one. Miss Minnie has accompanied her sister to her home in Kansas, where she will remain for a few months.

Yard Conductor Jacob Heth, of Andrews, in charge of the Wabash switch engine at the Wabash and Chicago and Atlantic transfer track in Huntington, was caught between the dead wood of two Lake Erie and Western cars, Saturday night, and his right arm severely hurt. Fortunately no bones were broken, although the flesh was terribly lacerated and bruised.

The state supreme court has just affirmed the decision of the lower court of Randolph county, which sentenced one McKee to two years in the penitentiary for conspiracy in the Bohemian oats business. Mr. Josephus Mason, of this county, is under almost a similar indictment at Rensselaer, Ind., and the action of the supreme court makes his case look a little doubtful.

The threshing machine men are all doing a bigger and better business than for some years past in getting out the wheat. This results in part from the larger yield of wheat than is common for the season. Few farmers report less than seventeen bushels to the acre and numbers reach from twenty-five to twenty-eight bushels to the acre, and a few even more than this. The price charged by the threshers is from three to four cents per bushel, and from 1,000 to 1,500 is often threshed when only one stand of the thresher and engine is made.

Under instructions from the court, Receivers Humphrey and Tutt, of the Wabash, St. Louis and Pacific, have issued a circular giving notice to all persons having claims against the road which have been allowed by the court, that they must be presented before the 9th of August, or they will forever be barred; they also give notice that any claim or claims which are held against the receivers, or against the Wabash, St. Louis and Pacific company should be presented before that date for adjudication or allowance, otherwise, in compliance with the same order from the court, they will be barred.

In the courts at Richmond, Ind., James S. Gardner et al, sue the Grand Rapids railroad company for $3,000 damages. The plaintiffs say that prior to June 11, 1887, they were the owners of a saw mill building of the value of $600, in which was then located machinery to the value of $2,100, and also a large stock of manufactured lumber and lath, value, $500; that the saw mill stood about 200 feet north of the depot in Fountain City, and on said day a strong wind was blowing and a freight train was run at the rate of sixty miles an hour by the mill, and sparks from the locomotive ignited the mill and the latter was totally destroyed.

RESOLUTION.

Resolved, by the common council, That the tax levy for the year ending August 1, 1888, be as follows:

For general purposes, sixty (60) cents on each one hundred dollars valuation; for interest on public debt, twenty eight (28) cents on each one hundred dollars valuation, of which eleven (11) cents on each one hundred dollars valuation shall be for interest on the water works bonds; for sinking fund five (5) cents on each one hundred dollars valuation, the sum of five (5) cents on each one hundred dollars valuation, which said sum shall be set apart and used only for the purpose of building a city hall, when the common council shall determine to erect one. Also, two (2) cents on each one hundred dollars valuation for the purpose of improving public parks, and that there shall be levied and collected a poll tax of two dollars for each male inhabitant of the city of Fort Wayne of twenty-one years of age and not insane or a pauper, and that a tax of two dollars be levied on each male dog and five dollars on each female dog, to be collected of the person owning or harboring said dog and that said taxes so levied be paid in equal semi-annual installments, the first half to be paid on or before the third Monday of April and the second half on or before the first Monday in November, 1888, said taxes to be paid, principal as well as interest, and otherwise collected as provided in an act of the general assembly entitled, An act authorizing cities in this state to permit municipal taxes to be paid in two installments; approved February 27, 1883. The above levy of sixty (60) cents for general purposes includes an eleven cents for street lights and nine (9) cents for fire department on each one hundred dollar valuation.

HERMAN MICHAEL.

Which resolution was adopted by the following vote:

Ayes, 13, viz: Councilmen Buttenbender, Doehrman, Griffith, Halter, Kelker, Kensill, Lahmeyer, Michael, Monahan, Meyer, Read, Shordan and Woulfe. Nays none.

On motion the common council then adjourned.

THE LAKE PROJECT.

Hon. Wm. Fleming Explains it to the Business Men's Exchange.

Hon. J. B. White presided at the meeting of the Business Men's exchange last night and there was a very large attendance. Hon. Wm. Fleming was present by invitation to present his lake project to the members of the exchange.

Mr. Fleming said the city owned some thirty-five acres of land on the north side. Out of this a twenty-five acre lake could be formed for the simple cost of making its embankments at $1.50 per lineal foot. He explained that Civil Engineer Gosborn had taken soundings and levels. He could guarantee five foot of water in every portion of the lake and connecting it with the feeder canal would give an uninterrupted boat and waterway to the upper St. Joe river. He explained how congress had appropriated $15,000 to connect Fish lake, which covers 740 acres in Steuben county, with the head waters of the St. Joe, and demonstrated that direct from that source a water supply could be brought down into the city lake without the outlay of a dollar.

He then said that this lake and canal would give a $2,500 turbine water wheel 400 horse power. These wheels could do the city pumping and furnish the electric light power for one third their present cost—and he said the canal company was going to make such a proposition to the city.

He told how the city could furnish and sell to the ice dealers of the city their stock of ice annually, and figuring the output at 25,000 tons, and 30 cents a ton, the city would realize annually $7,500 from this source. He related how the lake would cheapen the cost of water to the people and furnish them as well as people from abroad a pleasure resort—this being another source of revenue.

Mr. Fleming said he was satisfied and would guarantee that the lake project was not only feasible and advantageous but also profitable for the city. He said, however, that people questioned his motives because he owned the canal and there was, too, the old prejudice against that source of water supply. In the face of these facts he did not deem it worth his while to publicly press the project and only appeared before the exchange at the urgent request of its committee.

After a thorough and elaborate discussion of the subject by the members, on motion of Mr. A. H. Laufferty, the exchange appointed a committee of five, consisting of Hon. J. B. White, John C. Peters, G. W. Seavy, Fred Beach and Frank Alderman to inquire into the lake project, the water supply and to interview the city officers who hold the key to the whole situation. The committee will report at the next meeting.

Mr. A. G. Albert, of Seymour, Ind., is in the City to-day. Mr. Albert is an enthusiastic bicyclist and is entour through Indiana and Michigan. He expects to reach Ann Arbor Thursday evening, thence push his way north toward Petoskey and the northern coast. Mr. Albert rides a 50 inch Columbia expert.

IT IS NOT TRUE.

Our assessment has not been raised by the Board of Equalization. There was no need of it; our valuation is always correct.

IT IS TRUE

However, that we are preparing ourselves for removal to our new quarters, south of the Aveline house block, on Calhoun street, and to open with a large new stock we have scaled down the prices on our entire stock to such a low figure that the appraiser could not value it any lower. Buyers of clothing, hats, caps and furnishing goods, make a note of it. We are knifing the prices; letting down the values to force the sales.
